

TRANSIENT_INDICATOR

Definition: Indicates that the enumerated person was a “transient”. A transient person was considered an individual who had no fixed address. Homeless people plus sailors and recent immigrants may be included in this designation.

Source: Census schedule, Relationship to Head. Transients would appear on the census form immediately after a dwelling and appear to be part of the previous dwelling. However, the Relationship to Head would be one of the letters 'T' for Transient, 'I' for Immigrant or 'S' for Sailor.
